

## Mission Moment - April 30, 2017

### Family-Friendly Mission Trip to St. Louis

*Please play the provided video on your Roku Player.*

We will be having an Informational Meeting today after the worship service in Room 114 concerning our mission trip to St. Louis August 5-10. The meeting will only last a few minutes. This mission trip will be a great trip to bring your whole family as one last activity before school starts.

We will be working with our partners, Jason & Rachelle Helmbacher, and their two kids, Hannah & Isaac. They moved to St. Louis about a year and a half ago and replanted FBC, Affton to be the Church at Affton. The community of Affton, also, happens to contain the largest population of Bosnian Muslims outside of Bosnia. Jason and his family served for two years with the IMB in Bosnia, so they already know these people's culture and language. It has been a great fit and a great success as the church continues to grow and reach out!

On this trip we will get the opportunity to worship at the Church at Affton, serve the church by doing some general clean up and construction, do some follow-up work with Bosnians, and serve the Syrian refugee population. We will, also, take a day at the end of the trip to go do something fun for the whole family!

### **Pray**

Take some time this morning and pray for the Helmbacher family as they continue to lead the Church at Affton and reach out to the Bosnian Muslim population around them.
