

Mission Moment - June 11, 2017

SoulShooters

Please play the provided video on your Roku Player.

Today, for our Mission Moment, we are focusing on something quite unique. Brad and Linda Leamy are members of our church, and both have a great excitement and passion for God. Both of them also love shooting and teaching others about self-defense and gun safety. What eventually ended up as SoulShooters was Brad combining both of these passions. He now runs the only full-service self-defense company in the River Valley that offers self-defense classes, NRA gun safety classes, and the Arkansas Conceal/Carry Course.

The simple reason for starting SoulShooters was to glorify God by reaching lost people who also happen to love shooting. God is the one who blessed Brad with the ability to teach and the love of shooting. Now Brad is trying to bless others with those blessings by sharing the love of Christ with them.

Brad & Linda Leamy

Do Something

Can you do the same thing with the talents, gifts, and abilities that God has given you? How are you currently making disciples that Worship, Grow, and Go? Take some time this week to think about how you could use the blessings that God has given you in order to bless those around you. If you would like, you are always more than welcome to talk about this with our Mission Pastor, Scott Ward (scott@grandfamily.net).
