## Mission Moment - August 27, 2017

### CoffeeShop

*Please play the provided video on your Roku Player.*

We could not be more excited about this upcoming CoffeeShop! We are offering a number of different classes to fit any need from a health class, to a parenting class, to many different Bible studies to choose from. CoffeeShop will begin at 6:30pm in Guest Services. We will be serving coffee and snacks. The classes will then start at 7pm and end promptly at 8pm. The classes will be located in different classrooms.

We want you to use this as a mission opportunity! This is a great way to get your friends, family, or coworkers involved. All it takes is a simple invite. For whatever reason God has used CoffeeShop in the past to reach new folks, so we hope that you will take this opportunity and invite someone.

### **Prayer**

Take a few moments this morning and pray for CoffeeShop. Pray that our members would use it as an opportunity to reach out to those that are near to them but far from God. Pray for the different leaders of the classes.

### **Do Something**

Mark your calendars: Go Night will be at 5pm on October 22. We will kick off Go Night in the Worship Center with a time of worship led by our very own Reach Band and a special message from Sean Cooper. Sean is a key speaker for the Traveling Team who goes all over the US to mobilize college students for missions. He is also one of our best speakers each year at the Perspectives Class. After the worship service, we will all head over to the gym to experience all of our different partnerships as they will have booths set up.
