

Mission Moment - October 22, 2017

Go Night

Please play the provided video on your Roku Player.

Tonight is Go Night! We are doing things a little bit differently this year. We are starting out with a worship service at 5pm. We will be led in worship by our very own Reach Band and hear from a dynamic, young speaker, Sean Cooper. Sean is on staff with the Traveling Team, a ministry that speaks to thousands of college students every year with the express purpose of mobilizing them for missions. Sean is also our week #1 speaker for our Perspectives Class which starts January 15.

After our worship service, everyone is invited over to the gym to go through our booth fair where you will get to experience all of our national, international, and local partnerships. We will also have some fun food and drinks from different countries. Your preschoolers and below will be taken care of in childcare, and your older children will get to do the Partnership Scavenger Hunt.

I know you will really enjoy this evening of celebrating all that God is doing through our church in the area of missions!

Pray

Please be in prayer for our team heading to Tajikistan on Tuesday. They will be there for about 10 days encouraging our families that live there and seeing their work. Team members are Scott Ward, Andy Messenger, Daniel Peek, and Brooke Baird.
