

Mission Moment - November 12, 2017

Orphan Sunday

Please play the provided video on your Roku Player.

Today is Orphan Sunday. This is a nationally recognized day to bring awareness to orphan care, foster care, and adoption. We would like to invite you to come through Guest Services for some light refreshments and to find out more information about what our church is doing in each of these three areas. We will have booths set up for Dillon International, Connected Foster Care, and Orphanage Emmanuel.

Pray

This morning, take some time and name out loud some folks in our church that you know who are fostering or who have adopted or in the process of adoption. Pray for these folks.

Don't Forget

Don't forget to give to the For The City Offering. We are using this money for all of our local mission efforts, including Thanksgiving Blessing.
