Wyoming Mission Trip Report

Please play the provided video on your Roku Player.

We had a fantastic mission trip to Wyoming this year. As always, we went to Riverton, Wyoming, in the middle of the Wind River Indian Reservation to work with the Northern Arapaho Tribe in the little village of Beaver Creek. We were able to share the gospel with many people this year.

God is doing a work there! As we continue to build relationships long-term, we are beginning to slowly see some fruit.

Will you consider going with us next year? This is a great trip to take the family on. Not only do you as a family get to participate in a mission trip, but you also get the chance to see some of God's most beautiful creation in the Grand Tetons and Yellowstone National Parks.

Pray

Please take a few moments this morning and pray for the Northern Arapaho Tribe. Pray that they would receive Jesus in great numbers. Pray for Jason & Sarah Lucas and their family as the minister and serve there full time.
