Tanzania Mission Trip Report

Please play the provided video on your Roku Player.

We had an incredible mission trip to Tanzania. We were able to once again go into the Pare Mountains of Northern Tanzania to work with the Pare Tribe. This year we had the opportunity to do separate Men and Women's seminars for pastors and their wives.

We continue to work with our local pastor, Fanuel Kiroka. He and his family are doing well, and they continue to make strides in reaching all of the little villages throughout the mountain range.

An exciting part of the trip was getting to see the new church plant in Same and meet the pastor. This is the village where our mission pastor and his family lived back in 2010.

Pray

Please take a few moments this morning and pray for the Pare Tribe. Pray for Fanuel and his disciples and pastors as they continue to reach out into areas that have no gospel presence.
