Who: We will be working with Daniel Lopes, the pastor of First Baptist Church in Viseu, Portugal. Daniel was born and raised in Viseu but spent six years in the US getting a degree in Business Administration, so he knows English very well. Daniel is 41 years old and married to Ana. They have three children: Filipe (9), Pedro (7) and Joana (22 months).

Where: Portugal is small country with around 11 million people. Most of the people will say that they are Catholics, but their leaders say that less than 20% regularly attend services. The one's that say they are not Catholics are mostly atheist. Evangelical Christianity in Northern Portugal is less than 2% of the population which makes the Portuguese people there an unreached people group.

This Trip will be lead by Scott Ward.
