We will be working with Jason & Rachelle Helmbacher who are replanters of the Church at Affton in the heart of St. Louis. We will be doing follow-up of the Backyard Bible Clubs that they will be hosting prior to our arrival. We will, also, be doing some general clean up and construction around their church building, and we will help their church to host a special dinner for Syrian refugees in the community.

On our fun day we will go to the St. Louis Zoo, which is ranked as one of the best zoos in the world. Of course, you can never go to St. Louis without hitting a Cardinal's baseball game. They will be playing the Kansas City Royals that evening at 7:30pm.
